

## Quality Policy Statement

*Chemteq, Inc. is committed to its vision of becoming the trusted global partner of providing the highest quality emission control products to our customers by assuring their performance, consistency, safety and value. To achieve our strategic vision, it is our objective to enable science and innovation to improve quality of life and environment, and to meet or exceed customer quality expectations. Chemteq will realize its quality goal by establishing and maintaining outstanding quality systems at every level. Each Chemteq employee is committed to remaining close to the customer and to improving the customer experience by delivering world-class products, technologies and services. The following principles guide our daily activities:*

- *Improve Customer Confidence*
- *Expand Products and Services*
- *Accelerate Operational Excellence*
